POLICIES AND PROCEDURES

YES Securities (India) Ltd., (hereinafter referred to as YSL) as a SEBI registered intermediary is mandated to follow the rules regulations circulars of the exchanges and SEBI issued from time and operates through well defined procedures and policies. The policies followed by a stock broker pertaining to dealing with clients in regards to points specified herein have been mandated by SEBI to be made available to the clients. It should not be construed that these are the only policies followed by YSL.

(A) Refusal of orders for Penny Stocks: YSL normally offers trading facility in most of the compulsory dematerialized stocks & commodities which are listed on the stock exchanges. Please note that some of the stocks & commodities such as penny stocks, scrips (stocks & commodities) not traded in compulsorily dematerialized mode or scrips which do not meet internal risk and surveillance criteria are not allowed by YSL for trading. Any existing scrip (stocks & commodities) enabled for trading may be deactivated by YSL as and when such scrips (stocks & commodities) meet the criteria as defined by YSL even if the Client had bought such scrips (stocks & commodities) through YSL thereby restricting the Client's ability to sell such scrips (stocks & commodities). YSL cannot be held responsible for any losses, if any, arising due to deactivation of any of such scrips (stocks & commodities).

Further clarifications: The exchanges release a list of such scrips (stocks & commodities) and they are termed as illiquid securities & commodities, however YSL retains the right to term a particular scrip (stocks & commodities) as illiquid/penny stock based on the internal risk parameters it deems fit. These parameters may include, the past volume of the scrip (stocks & commodities), the volatility in the scrip (stocks & commodities) among others, whether trading in a particular scrip (stocks & commodities) falls within the purview of fraudulent trades or trades deemed to be fraudulent under the SEBI - prohibition of fraudulent and unfair trade practices relating to securities market regulation 2003. YSL reserves the right to facilitate clients for placing orders with regards to the penny stocks or illiquid scrips (stocks & commodities) as described above. YSL is not under any obligation to push orders which are in the nature of penny stocks/ illiquid scrips (stocks & commodities). YSL does not encourage trading in penny stocks.

(B) Setting Up Client's exposure Limits: Setting Up Client's exposure Limits and margin information including short fall of margins available on website in the trading account or intimated through approved means to be constituted as a valid margin call.

Exposure is allowed to the clients based on the margin available in form of funds or approved securities or commodities valued after deducting an appropriate haircut as per the rates prescribed by Exchange/YSL. Client is liable to pay applicable initial margins, withholding margins, special margins or such other margins as are considered necessary by the Exchange. Further YSL at its discretion may collect additional margin or may even reduce the margin even though not required by the Exchange. Clients are supposed to maintain sufficient balance with YSL pre trade depending on the channel through which they trade. YSL may levy additional margins or relax the margins earlier imposed based on factors such as, client level positions, volatility in a particular stock market or commodity market in general. Further, the client will have access to details pertaining to margin requirements, shortfall of margin on a real time basis on the website itself where he can ascertain details of his existing margin blocked, margins required, MTM loss adjustment, margin percentage etc. The margin requirement specified on the website in the trading account of the online client will be construed as a valid demand for the additional margin required by YSL. Disseminating this information in the client account on the website will be considered as informing specific (one to one) clients about the margin requirements/margin top up calls/margin availability before the square off. Clients are bound to monitor and review their open positions and margin requirements all the times and furnish the additional margin to YSL. Though it shall be our endeavor to ensure that a proper notice may be sent to the clients, this may not always be possible taking into consideration the market scenario on a real time basis. Exposure allowed to clients may vary, basis the clients past trading performance, quality of collateral, market circumstances and dynamics and other such factors.

Clients may trade themselves through the internet or may trade through the sub-broker or branch. For clients who trade through the internet, the exposure limit may be ascertained by them on the trading portal. Clients executing trades through sub-broker or branches may check their positions with the sub-broker/ Branch.

YSL shall not be responsible for any variation, reduction or imposition or the Client's inability to route any order through the Stock broker's website on account of any such variation, reduction or imposition of limits. YSL may at any time, at its sole discretion and without prior notice, prohibit or restrict the Client's ability to place orders or trade in securities based on certain internal risk parameters.

(C) Applicable Brokerage: The brokerage applicable shall be as agreed upon from time to time. Any modifications in relation to the brokerage rate will be prior informed to the client with reasonable time for client to act on the same. The client agrees to pay YSL, brokerage, Exchange related charges, statutory levies and any other charges (including but not limited to security or commodity handling charges on settlement) as are prevailing from time to time and as they apply to the client's account, transactions and to the services that member renders to the client as mutually agreed. YSL does not charge brokerage more than the maximum brokerage permissible as per the rules and regulations and bye laws of the Exchanges/SEBI. However the minimum brokerage as stipulated by the Exchanges will be levied. The brokerage shall be charged as a percentage of the value of the trade or as a flat fee or otherwise, together with the statutory levies as may be applicable from time to time on the same.

Schedule of brokerage along with other applicable charges is specified in Brokerage Chart on page 8. In case the brokerage rate is not selected by the client on the brokerage chart within the KYC booklet, the default brokerage as mentioned below will be applicable.

(D) Imposition of Penalty / Delayed payment charges, specifying the rate and period: Delayed payment charges are levied to clients for non payment or delay in payment of their fund obligation on time which may be due on account of charges, margins or any other sum due to YSL. Clients are required to pay margins before placing any trades. Clients are allowed to place margins in form of funds or securities, as per the discretion of YSL.

Exposure is given to the client based on the stocks or commodities submitted by the client towards margin to YSL. Appropriate haircut is applied on such stocks or commodities. They are then expected to make the full payment for the purchase or positions taken in derivatives on the settlement date. In case there is a debit balance in the clients account, the same shall be liable for the delayed payment charges. The calculation of these charges is an automated process. The charges to be levied would be up to 3 % per month. These charges have been introduced so that they act as a deterrent for delaying the payment of funds and it should not be construed as funding arrangement.

In case where any penalty / charges /fees / taxes etc. of whatever nature, is levied on YSL on account of trades or orders placed by clients, such penalty /charges /fees / taxes etc. shall be debited to the client's account. The client will not be entitled to any interest on the credit balance/excess margin available/kept with YSL

(E) Right to sell or square-off client's securities/commodities or close client's positions, without giving notice to the client on account of non payment of client's dues to the extent of settlement/ margin obligation: Margin collection - Margin is collected upfront from the clients i.e prior to executing any trades. Based on the margin thus available with YSL - exposure is given to the client. The applicable margin may vary and the client may be asked to replenish the margin by tendering additional funds or securities.

In accordance with Exchange guidelines, YSL being primarily a web based broker retains the right to square off the position. Disseminating of the details regarding margin requirements and short fall in margin through an approved mode shall be considered as making a specific margin call to the client. Hence all clients are bound to log in to their trading account and keep themselves updated about their positions and margin requirements made available on real time basis.

The client agrees to pay for the shares purchased or positions taken in commodity derivatives through YSL before the pay-in date in order to enable YSL to make the requisite pay-in to the Exchange. In case the client fails to make the payment, YSL may liquidate the securities or commodities position in the clients account in order to ensure that adequate credit is received for the shares purchased or positions taken in commodity derivatives. This square off may be done on or before the 5th day of the settlement date.

- The client also agrees to maintain adequate margin for the positions taken in any segment or exchange. However in case the credit available is lower than the minimum margin required, the client's positions would be liquidated in a manner that there is no shortfall of margin.

- YSL shall endeavor to provide additional facility besides making available the margin details on website in the trading account to facilitate the clients towards ensuring adequate margin to avoid liquidation of open position. This information should be constituted as prior information given to the client before liquidation of their positions. YSL may endeavour to inform the client on the registered mobile number and or email id updated with YSL. For clients to whom a login and password is given to access their account on the website www.yesinvest.in, or such other URL that may be provided and informed by YSL from time to time, where they are required to login and check the limit statement uploaded therein. It shall be the clients' responsibility to ensure that adequate credit balance is available in the account.

The above guidelines may be changed based on the discretion of YSL and in terms of the market conditions. In cases where the market is volatile and there is a sudden spurt in scrip price then YSL may square off position without any notice due to the paucity of time and other such circumstances

- Whenever YSL endeavors that the positions are to be liquidated, it shall not be responsible for any liabilities in case the same cannot be liquidated.

- The priority of the positions to be squared off, i.e. which positions to be squared off first, would be at the discretion of YSL. YSL may follow the following priority for squaring-off positions :-

- Lower Margin scrip's (securities or commodities) will be squared off first.
- Only futures position will be squared off (option position may be square off manually)
- In case where there is a position in cash and derivative segment, options positions would be squared off first followed by futures positions and then cash positions would be square off (for all segment & exchange) in case shortfall still exist.

(F) Shortages in obligations arising out of internal netting of trades Internal Shortage Policy: In case of Internal shortage (Client to Client Shortage), the valuation price shall be higher of 2 % above the closing price on Auction date in the normal market segment of the Exchange or highest traded price between the trading day (transaction date) and the day of Auction. All the securities having a corporate action will be settled on cum basis.

All losses to the Client, on account of the above shall be borne solely by the Client and YSL shall not be responsible for the same. In case of any claim against YSL, the Client shall indemnify YSL in this regard.
